

Knowledge Bureau[®]
Excellence in Financial Education

intuit[®]

Intuit is a leading software provider of business and financial management solutions for accounting, bookkeeping and tax professionals, small and mid-sized businesses, and consumers.

We offer a full suite of financial software products for accountants and tax professionals. Our premium tax software ProFile, includes T1s, T2s, T3s, and Other Forms. Our robust accounting software packages include QuickBooks Desktop, and cloud based QuickBooks Online Accountant Edition.

Intuit also has special ProAdvisor Programs designed specifically for Canadian accounting and tax professionals. The ProAdvisor Program provides its members with unique discounts, premium phone support, online and live community support, complimentary marketing tools and access to live training and webinars.

Intuit is very proud to partner with the Knowledge Bureau and is dedicated to supporting initiatives focused on building financial excellence in training and development for bookkeeping, and tax professionals. We look forward to contributing and supporting the Knowledge Bureau this year.
